Central Carolina Hospital’s mission is Making Communities Healthier®. By creating places where people choose to come for health care, physicians want to practice and employees want to work, we are creating a legacy of care for our neighbors today and for generations to come. Here are just a few ways we made Lee County and the surrounding areas healthier in 2017.

Delivering high quality patient care and supporting our physicians
The most important contribution we make to our community is providing high quality care close to home. Quality and service are at the center of how we care for our patients and we continually invest in our facility to ensure we can meet the health care needs of our community. In 2017, we made $1,977,902 in capital improvements, including the preparation of our catheterization lab for interventional cardiology, and upgrades to our OB monitoring equipment, including fetal and neonatal monitors and ultrasound.

Inviting the best physicians into our community and supporting them also is a key driver of our efforts to ensure access to high quality care and service. During the past year, CCH added 18 new providers in family, internal and emergency medicines, pediatrics, pediatric dentistry, bariatric surgery, cardiology, anesthesiology, nephrology, obstetrics and gynecology, and urology.

Creating excellent workplaces for our employees
We strive to create an environment where talent is recognized, job satisfaction is valued and our 678 employees can effectively use their skills in providing high quality care and service; and we managed and distributed an annual payroll of $41,890,959.

Taking a leadership role in the community
We are proud to be a leader in our region. Supporting local organizations and delivering health care to all of our neighbors, regardless of their ability to pay, are foundational to our commitment to the overall well-being of our community. In addition to numerous sponsorships and charitable gifts, we delivered more than $3.33 million in charity care to those in need.

Being fiscally responsible
Our commitment to ensuring fiscal responsibility extends both to our hospital and to the community. In 2017, we paid a total of $2,427,496 in taxes.

Thank you for your support as we continue to make our community healthier in 2018 and beyond.
ECONOMIC IMPACT

Duke LifePoint HEALTHCARE

Charity and other uncompensated care includes hospital costs not covered by Medicaid reimbursements and supplemental payments, as well as charity care and bad debt. “Physician recruitment costs” include recruitment costs and support of new physicians’ initial practice establishment in the community. Payroll includes consolidated salaries, wages, benefits and contract labor costs. “Capital investments” include facility expansions/renovations, equipment purchase, technology replacement, information technology additions/updates, and routine facility upkeep and maintenance. All references to “LifePoint,” “LifePoint Health” or the “Company” used in this release relate to affiliates or subsidiaries of LifePoint Health, Inc.

Duke LifePoint Healthcare, a joint venture of Duke University Health System, Inc. and LifePoint Health (NASDAQ: LPNT), was established to build a dynamic network of hospitals and health care providers. The joint venture, which brings together LifePoint experience in community-based hospital management and Duke’s world-renowned leadership in patient safety and clinical quality systems, is strengthening and improving health care delivery by providing community hospitals the clinical, quality and operational resources they need to grow and prosper.
